Order 2000-V-02
Dupont Fluoroproducts
Permanent Variance

Order:

In accordance with G.S. 95-132 and 13 NCAC 07A .0700, Dupont Fluoroproducts is granted permission to use the *Hansen* 4000 series brass coupling in their 3M supplied-air respirator assembly as requested in Dupont's Application for Permanent Variance dated May 30, 2000. This permission applies to Dupont's Fayetteville Works site located at 22828 NC Hwy 87 West in Fayetteville, NC.

Discussion:

The Dupont Fayetteville Works facility manufactures various products, including one that uses Fluorine Compounds that generate Hydrogen Fluoride as a by-product. Hydrogen Fluoride presents a serious inhalation and skin hazard. Due to the potential hazards, Dupont requires its employees to wear full body level B protection as well as a supplied-air respirator during certain production activities.

Dupont was initially using an approved 3M W-8000 series helmet with a brass *Hansen* coupling that worked well in the plant environment but, due to its design, was pinching and tearing the employees' butyl gloves during disconnect. Dupont felt that this posed an unacceptable risk of skin. Dupont switched to and is currently using an approved 3M W-8000 series helmet with a *Schrader* airline coupling. The coupling is made from cadmium-plated steel with brass internal parts. The steel portion of this coupling corrodes in the plant environment and becomes nonfunctional in short periods of time. In some cases, the employees have had to cut off the hose above the coupling in order to disconnect from the air supply. This, too, poses an unacceptable inhalation risk.

Dupont contacted 3M to discuss the use of an unapproved *Hansen* 4000 series brass coupling that they were familiar with from prior use. This coupling will withstand the environmental conditions and is designed so that it will not pinch the butyl gloves. 3M purchased and tested the coupling for Dupont. The *Hansen* 4000 series is an expensive coupling that is used in other industries for fluid movement but for respirator use could be cost prohibitive. The *Hansen* 4000 series has a larger inner bore that provides greater airflow than the coupling currently used at Dupont, so 3M tested the coupling and provided Dupont with a table showing the operating pressure necessary to achieve the required airflow.

Action:

This order grants Dupont's request for a permanent variance. This permanent variance will remain in effect until modified or revoked pursuant to G.S. 95-132(b)(3) and 13 NCAC 07A .0709.

TITLE 10 – DEPARTMENT OF HEALTH AND HUMAN SERVICES

Rule-making Agency: *Social Services Commission*

Rule Citation: *10 NCAC 41H .0409 - .0410*

Effective Date: *January 1, 2001*

Findings Reviewed and Approved by: *Beecher R. Gray*

Authority for the rulemaking: *G.S. 143B-153*

Reason for Proposed Action: *In the 2000 Legislative Session, the General Assembly established the Special Children Adoption Incentive Fund to provide financial incentives for foster families desiring to adopt special needs children residing in their care. The establishment of this Fund will make it possible for some of the children with special needs to be adopted who would otherwise remain in the foster care system because of the financial loss to foster parents. Counties who participate in the Special Children Adoption Incentive Fund must commit to provide 50% of the cost of this incentive to the foster parent(s) who choose to adopt a special needs child. The fact that a child has special needs should not preclude the child from the benefits of a permanent loving home. The removal of the financial disincentive to foster parent(s) who wish to adopt will remove another barrier for children who need loving, adoptive parent(s).*

Comment Procedures: *If you wish to make comments please contact Ms. Sharnese Ransome, APA Coordinator, Division of Social Services, 2401 Mail Service Center, Raleigh, NC 27699-2401; (919) 733-3055. Verbal comments may be presented at the public hearing. Written comments must be received by Ms. Ransome not later than December 6, 2000 at 9:00am.*

TITLE 15A – DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES

Rule-making Agency: *NC Marine Fisheries Commission*

Rule Citation: *15A NCAC 03L .0207*

Effective Date: *December 6, 2000*

Findings Reviewed and Approved by: *Julian Mann*

Authority for the rulemaking: *G.S. 113-134; 113-182; 113-221; 143B-289.52*

Reason for Proposed Action: *G.S. 143B-289.52(e) authorizes the adoption of temporary rules within six months of adoption or amendment of a fishery management plan or the notification of change in management measures needed to remain in compliance with a fishery management plan. The Marine Fisheries Commission adopted a bycatch limit of 500 horseshoe crabs effective by temporary rule in May, 2000. A typing error was made in filing that temporary rule (and subsequently, in notice of text also) and the limit was set at 50. This limit is too restrictive for North Carolina fishermen who take horseshoe crabs incidental to other fisheries but restrictive enough to prevent out of state boats from intentionally taking horseshoe crabs and traveling to North Carolina ports to offload. Horseshoe crabs are taken in many of the fall fisheries. Adoption of this temporary rule will allow these landings of 500 horseshoe crabs or less to continue while North Carolina will remain in compliance with the fishery management plan.*

Comment Procedures: *Written comments are encouraged and may be submitted to the NC Marine Fisheries Commission, c/o Juanita Gaskill, PO Box 769, Morehead City, NC 28557.*

STATE OF NORTH CAROLINA
COUNTY OF BURKE

**IN THE OFFICE OF
ADMINISTRATIVE HEARINGS
98 EDC 0368**

V.

**NORTH CAROLINA DEPARTMENT OF PUBLIC
INSTRUCTION,
Respondent.**

RECOMMENDED DECISION

ADMISSIONS

9. The information received shortly after the school year began, by Steve Demiter and David Burleson, regarding the alleged drug use of the Petitioner was provided by Michael Pruitt.

10. The Petitioner had performed her job duties to the satisfaction of the Respondent in every position at which she worked for the Respondent.

UNDISPUTED FACTS

11. Both parties, in the respective motions and responses, agree that the undisputed facts of this case are those found by the case manager on November 24, 1997 after conducting a hearing on the charges and allegations against Petitioner brought by the Burke County Superintendent in his recommendation to dismiss her. Those undisputed facts are the underlying basis for determining the cross motions for summary judgment under G.S. 1A-1, Rule 56. For the sake of clarity and ease of understanding, those undisputed facts are as follows:

Report Of Case Manager

1. Petitioner was employed by the Burke County Schools for Five and a half years. Ms. Branch attained tenure and career status as a teacher on May 27, 1996. As of September 1997, she held the position of first grade teacher at George Hildebrand Elementary School.
2. Petitioner was a good teacher. Her performance evaluations were standard or above standard. Her principal at George Hildebrand, Alan Stephens, thought well of her.
3. Petitioner had no prior disciplinary actions on her record prior to the recommendation of dismissal which was the subject of this hearing.
4. On September 18, 1997, officers from the Narcotics Division of the Burke County Sheriff's Department went to Petitioner's home. Petitioner was not home, but Dale Nichols, who also resided at the home, gave written consent for the officers to search the home.
5. According to her testimony, if Petitioner had been home, she herself would have consented to the search.
6. Because the search of Petitioner's home was conducted with Dale Nichols' consent, the identity of the person or persons who made the report which caused the officers to request consent to search is not material to this proceeding.
7. According to the credible testimony of Butch Jenkins, who has worked for the Burke County Sheriff's Office for fifteen years, including two years with the Narcotics Division, and who was one of the officers who searched Petitioner's home, the search revealed a small amount of marijuana residue in a canister in the bedroom shared by Petitioner and Mr. Nichols, and five marijuana cigarette butts ("roaches") in a locked two-drawer file cabinet in the same room. The file cabinet contained check books and other banking records which bore Petitioner's name.
8. Petitioner consented to a search of her person, vehicle and the home to which she was moving. No marijuana was found as a result of these searches.
9. On September 18, 1997, Officer Jenkins informed Assistant Superintendent David Burleson of the marijuana residue and "roaches" found during the search of Petitioner's home.
10. The Burke County Schools have a drug testing policy, promulgated under N.C.G.S. 115C, which provides for drug testing of an employee for reasonable suspicion that the employee has consumed a substance as defined in the policy. The policy (Superintendent's Exhibit #1) defines "reasonable suspicion" to mean "a belief based on specific objective facts and rational inferences drawn from those facts that an employee has consumed a substance" The policy enumerates four examples of circumstances which constitute a basis for determining reasonable suspicion, but does not limit reasonable suspicion to those enumerated circumstances.
11. The September 18, 1997 telephone report of Officer Jenkins to Assistant Superintendent David Burleson that a law enforcement search of Ms. Burch's home had revealed marijuana residue and "roaches" in her home was sufficient to provide the Superintendent with the reasonable, individualized suspicion required to request that Petitioner submit to a drug test.
12. As a result of the report of Officer Jenkins, On September 19, 1997, representatives of the Superintendent

asked Ms. Branch to submit to a drug test.¹

13. Petitioner consented to the drug test. According to her testimony, prior to the Superintendent's request that she submit to a drug test, she had already decided to volunteer to take a drug test on September 19, 1997.
14. Petitioner submitted to a drug test at Burke Occupational, Inc. The test was supervised. The specimen was forwarded to Smithkline Beecham laboratory in Atlanta for testing. When an initial amino acid screening test of her specimen indicated the presence of marijuana metabolites in a concentration greater than the screening cut-off to 50 ng/ml, Smithkline Beecham performed a GC/MS confirmation test on Petitioner's specimen. The cut-off for a "positive" result under this test was 15 ng/ml. Petitioner's specimen revealed levels of marijuana metabolites at 70 ng/ml.
15. At the hearing in this matter, Petitioner did not challenge the accuracy of the drug test performed by Smithkline Beecham, the procedures pursuant to which her specimen was collected or tested, or the chain of custody for the specimen.
16. The Documentation Package of Smithkline Beecham (Superintendent's Exhibit 4) established that the performance of the screening and confirmation tests, retention of Ms. Branch's specimen and chain of custody comported with the procedural safeguards set forth in the N.C. Controlled Substances Act, N.C.G.S. 95-232.
17. As her sole explanation for the positive drug test, Petitioner testified that one week to one and a half weeks before September 19, 1997, she had eaten spinach bread given to her by the sister of a former boyfriend. Petitioner testified that when she learned that the initial amino acid screening test of her specimen was inconclusive, she thought back and surmised that the spinach bread had contained marijuana. She did not testify to having experienced any physical effects of marijuana ingestion prior to learning the results of her drug screen.
18. The testimony of Dr. Michael Feldman, a forensic toxicologist with Smithkline Beecham Clinical Laboratories in Atlanta, established that ingestion of marijuana in bread in the manner and at the time Petitioner had described would not likely result in the concentration of marijuana metabolites in her system at 70 ng/ml as revealed on her drug test.
19. New testimony which Petitioner gave after Dr. Feldman testified, about when she had ingested the bread, was inconsistent with her earlier testimony on this point and was not credible.
20. As described in N.C.G.S. 115C-325(e)(1)(f), Petitioner engaged in the non-medical use of a controlled substance (marijuana) as defined in Article 5 of Chapter 90 of the General Statutes.
21. On October 17, 1997, approximately one month after her initial drug test, Petitioner voluntarily submitted to a second drug screen at Keystone Laboratories, Inc. this second drug screen was negative.
22. At the hearing in this matter, Petitioner suggested that a former boyfriend, Michael Pruitt, angry at her for breaking up with him and for repossessing on September 1, 1997 a car he had been driving a) broke into her house three times prior to September 18, 1997 and planted marijuana in the canister and file cabinet in the bedroom, and b) enlisted his sister to feed Ms. Branch bread containing marijuana one week to one and a half weeks prior to September 18, 1997 so that she would subsequently test positive for marijuana. A preponderance of the competent, non-hearsay evidence offered at the hearing did not support these contentions.
23. Upon receiving the confirmation drug test from Smithkline Beecham, representatives of the Superintendent met to discuss what action to take concerning Ms. Branch. They considered her work history, job assignment as a teacher of young children, length of employment, job performance, and the absence of past disciplinary actions in her record.
24. The Burke County Schools policy on drug testing authorized the Superintendent to impose disciplinary action on Petitioner "up to and including dismissal."

¹ Hereafter, "Superintendent" is used to refer to Superintendent Tony M. Stewart and to Assistant Superintendent David Burleson and Personnel Director Steve Demiter acting for the Superintendent.

25. Representatives of the Superintendent met with Petitioner and informed her that the Superintendent would recommend her dismissal based on the positive drug test. The Superintendent did not at that meeting provide Petitioner with a written notice of the charges against her as required by N.C.G.S. 115C-325(h)(2).
26. On or about September 29, 1997, the Superintendent did send to Petitioner by certified mail a written notice of the charges against her and a copy of N.C.G.S. 115C-325. Petitioner timely requested and was granted a review by a case manager.
27. Petitioner was not prejudiced by the Superintendent's failure to give her written notice of the charges against her at the time he met with her to inform her he would recommend dismissal.
28. The written notice which the Superintendent sent to her by certified mail on September 29, 1997, was adequate to apprise Petitioner of the charge against her.
29. Information imparted to Petitioner by representatives of the Superintendent between September 19, 1997 and the date she received the Superintendent's written notice by certified mail constituted an adequate explanation of the basis for the charge that she had non-medically used a controlled substance as defined in Article 5 of Chapter 90 of the General Statutes.
30. Petitioner was not prejudiced by any inadequacy in the Superintendent's explanation of the charge against her.
31. The parties consented to the date for the hearing, had adequate time to prepare for the hearing, timely exchanged documents and witness lists, and were both ably represented by their respective attorneys at the hearing.
32. The Superintendent did not violate the Burke County drug testing policy when he recommended Petitioner's dismissal rather than choosing the option of a lesser punishment or referral to an Employee Assistance Program.
33. At the hearing in this matter, Petitioner asserted sex discrimination as an affirmative defense to her dismissal, contending that the Superintendent had penalized her for a situation of domestic violence involving revenge by her former boyfriend. Assuming without deciding that Petitioner could make out a prima facie case of sex discrimination, the positive drug test, admitted into evidence at the hearing with no objection by Petitioner, established that the Superintendent had a legitimate, non-discriminatory reason for recommending her dismissal. Petitioner did not offer any evidence that the positive drug test was used as a pretext to mask sex discrimination. She did not offer any evidence that the Superintendent had treated her differently from similarly situated male employees or that the Superintendent's recommendation of dismissal was motivated by her gender.
34. At the hearing, Petitioner asserted as an affirmative defense a violation of the North Carolina Controlled Substances Act, N.C.G.S. 95-230 through 235, in that the Superintendent did not offer Petitioner a second drug test. The pertinent provision of the Controlled substances act, N.C.G.S. 95-232, provides:

(f) Retesting of positive samples: the examinee shall have the right to retest a confirmed positive sample at the same or another approved laboratory. The examiner, through the approved laboratory, shall make confirmed positive samples available to the affected examinee, or a designated agent, during the time which the sample is required to be retained. The examinee must request release of the sample in writing specifying to which approved laboratory the sample is to be sent. The examinee incurs all reasonable expenses for chain of custody procedures, shipping, and retesting of positive samples related to this request.

35. Petitioner did not request release of her specimen in order to perform a second test on it.
36. On October 27, 1997, Alan Stephens, Principal of George Hildebrand Elementary School, provided Petitioner with a reference letter, citing her consistent above standard evaluations on the Burke County Teacher Performance Appraisal Instrument, her tenured status, her excellent personality and her ability to work well with children.

12. On December 11, 1997, State Superintendent of Public Instruction, Dr. Michael Ward, issued a Notice and Finding of Reasonable Cause and Statement of Charges against Petitioner indicating the intent of the State Board of Education to revoke Petitioner's teaching certificate under the Board's rules for conduct of certified teachers. Specifically, the Notice cited the Board's rule which provides:

(a) The State Board of Education may deny an application for certification or may suspend or revoke a certificate issued by the department only for the following reasons:

...
(8) any other illegal, unethical, or lascivious conduct by a person, if there is a reasonable and adverse relationship between the underlying conduct and the continuing ability of the person to perform any of his/her professional functions in an effective manner.

N.C. Admin. Code tit. 16, r. 6C.0312(a)(8) (June 2000).

13. The December 11, 1997 Finding of Reasonable Cause and Statement of Charges contained the following charge as grounds for revocation of Petitioner's teaching certificate:

[f]ollowing a lawful consensual search of the premises occupied by Ms. Branch that produced marijuana residue and marijuana cigarette butts, the Burke County Schools asked Ms. Branch to submit to a drug test. Ms. Branch had already volunteered to take a drug test, which was conducted on September 19, 1997. The test revealed the presence of marijuana metabolites at 70 ng/ml, which is in excess of the screening cut-off of 50 ng/ml.

THE CROSS-MOTIONS FOR SUMMARY JUDGMENT

For purposes of the cross-motions for summary judgment, the above stated undisputed facts and admissions have been construed in the light most favorable to the nonmovant. Having considered the motions, responses, supporting affidavits, and admissions, I find that Petitioner has, as a matter of law, engaged in illegal conduct in violation of the Controlled Substances Act by the nonmedical use of marijuana, a controlled substance under Article 5, Chapter 90 of the General Statutes of North Carolina, and in consequent violation of the Board's rule .0312(a)(8) against other illegal conduct. Further, as a matter of law, Petitioner's nonmedical use of marijuana has a reasonable and adverse relationship between that conduct and her continuing ability to perform some of her professional functions in an effective manner. Specifically, the relationship of trust between Petitioner and parents of students and the relationship of trust between Petitioner and supervisory school system personnel is damaged by this conduct. Petitioner's status as a role model is eroded by this conduct. Our Supreme Court has stated that it is reasonable to hold teachers to a higher standard of personal conduct, given the youthful ideals they are supposed to foster and promote. *Faulkner v. New Bern-Craven Board of Education*, 311 N.C. 42, 316 S.E.2d 281 (1984).

RECOMMENDED DECISION

Based upon the foregoing, it hereby is recommended that the State Board of Education revoke Petitioner's teaching certificate for illegal conduct but that the revocation be suspended for a period of two years on the conditions that:

1. Petitioner attend and successfully complete a drug assessment and education program as prescribed by the Board;
2. Petitioner submit to periodic, random drug testing as prescribed by the Board; and
3. Petitioner incur no additional violations of the Board's rules during the two year suspension.

It further is recommended that the Board dismiss the charges against Petitioner should she successfully complete the two year suspended revocation and that the Board issue an Order invoking the revocation should Petitioner fail to satisfy the conditions imposed by the Board under the suspended revocation.

ORDER

It hereby is ordered that the agency serve a copy of the final decision on the Office of Administrative Hearings, Post Office Drawer 27447, Raleigh, North Carolina, 27611-7447, in accordance with North Carolina General Statute § 150B-36(b).

NOTICE

The agency making the final decision in this contested case is required to give each party an opportunity to file exceptions to this recommended decision and to present written arguments to those in the agency who will make the final decision. North Carolina General Statute 150B-36(a). The agency is required by North Carolina General Statute 150B-36 to serve a copy of the final decision on all parties and to furnish a copy to the party's attorney of record and to the Office of Administrative Hearings.

The agency that will make the final decision in this contested case is the North Carolina State Board of Education .

This the 9th day of October, 2000.
